As a public institution Frank Allis has served Madison's far east side for over 100 years. Allis is an icon on the east side, but we are more than a beautiful building. We work collectively on strong teacher teams in order to fulfill the Madison Metropolitan School District's vision: ensuring that every school is a thriving school that prepares ALL students for college, career and community.

Frank Allis Elementary School serves 480 students in four-year-old kindergarten through fifth grade. Our teachers collaboratively plan together to deliver our aligned curriculum in literacy, math and social emotional learning. We are committed to student achievement for every student. We believe that all students can be successful when we honor and affirm each student's gifts in order to foster our welcoming, inclusive and responsive community. Our standards-based curriculum is focused on providing all of our diverse students the tools they need to become thoughtful and productive citizens of the 21st century.

Equity Vision

Everyone within our school feels heard, cared for, and connected as a community of scholars who are supported to achieve their full academic and social potential.

Strengths

Frank Allis' greatest strength is the diversity, talents and commitment of our collective community, including staff, students and families. Some of what makes Frank Allis special includes:

- A focus on anti-racist, inclusive and culturally relevant curriculum that celebrates diversity, fosters a desire to learn, and supports every community member to discover and strengthen their skills, talents, and abilities
- Our SEED room (Science, Engineering, Enrichment and Development) Room: a makers-space and life-science exploratorium.
- A 50/50 dual language immersion program. In 2019-20 our dual language program will encompass kindergarten through third grade. Our bilingual program builds biliteracy skills, preparing them to compete in a global work environment.

Progress

2018-2019 was a rebuilding year. As our district changes we too must adapt. We did not meet our school improvement goals in achievement as predicted.

Area for Growth

As we continue to rebuild we will set a firm foundation with predictable routines that support our most vulnerable students. We will our deep dedication to teaching ALL students the rigorous Common Core State Standards in literacy in order to achieve exponential achievement growth.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
